

Quilt Guild Meeting- October 11, 2021

Acting President Jen Burke adjourned the program at 7 pm. This was the first meeting held at Covenant Presbyterian Church and was both a zoom meeting and on multiple screens in the church. Feedback was overwhelmingly positive. It offers us the potential for virtual speakers while still meeting as a group, or live or 100% virtual.

Our speaker was Sue Glass from Redondo Beach , California. Sue has been quilting since the 1970's but did not migrate to applique until 2008. She gave a demonstration on prepared edge applique. She demonstrated cutting the shapes from freezer paper and then using liquified sizing and a triangle iron to achieve the turned over edges. She has used a travel iron with success. She may be contacted for follow-up questions at [sglass1946@gmail.com](mailto:sglass1946@gmail.com).

After the meeting, Angela Brant volunteered to do the quilt challenge again for 2021-2022.

Respectfully submitted,

Angela Brant
